

## Online Learning: 5<sup>th</sup> – 8<sup>th</sup> January 2021

### Tryfan Class

*Our theme for this term is SPACE!*

We would like you to read the story of 'Back to Earth with a bump'.

Use twinkl go login and the code RO5698 to access the story.

Once you have read the story with an adult have a try at some of these activities over the next few days.

- In the story, Hal travels into space and sees stars, planets, the Moon and the Sun. Draw or paint a space picture showing some of the things Hal sees on his adventure.
- Ask a grown-up to help you find out some facts about space. You could use the Internet or books to find out some information. Maybe you could find out the names of some planets or the names of some astronauts and make a list.
- Hal travels into space on a magical rocket bed. Make a model rocket using empty packaging or construction toys. We would love to see your creations! Or maybe you could take a photo or draw a picture of your finished model.

- Can you make a list of 10 things you would take into space with you?

- Can you design your own Planet? Think about the colour, size, number of moons, who lives there? Are there any materials on the planet? What name are you going to give your planet?

- Hal has launched into space on an amazing adventure to find the Sun. Pretend you are Hal and write a postcard back home to tell everyone about your adventure.

- Could you make some fruit rockets for a nice healthy snack?

Have fun everyone!

Please remember to email your photographs to:
