

## Online Learning:

### Week Beginning - Monday 8<sup>th</sup> February 2021

#### Diamond Class

*Our theme for this term is SPACE!*

This week our focus will be the story 'Whatever Next' by Jill Murphy. In this story Baby Bear goes to the Moon and back again all before bath time. Listen to the story here - <https://www.youtube.com/watch?v=y8sYxh9vVbo>

Once you have listened to the songs with an adult have a try at some of these activities over the next few days.

When Baby Bear decides to go on an adventure to the Moon the first thing he does is find a space helmet (sieve) and space boots (wellies). Can you find/make yourself a space helmet? You can use things lying around your house or recycle materials. I would love to see a picture of you in your space helmet.

In the story Baby Bear has a picnic on the moon. Can you make a list of all the tasty foods you would like to have in a picnic? You could draw pictures, paint, use playdough or chalks to list the foods you would take. You could even have a go at writing the words! I can't wait to see all the yummy food on your list.

Let's listen and join in with the song 10 Little Rockets.

<https://www.youtube.com/watch?v=ALPfy2IKvTY> – can you join in with the song? Have a go at counting backwards from 10-0. Can you write some of these numbers? Write them in pencil, chalk, flour or use a paint brush and water

Keep moving – Join in with the Blast off song and get your body moving! Blast Off! | Preschool Dance | Space Song | Kids Songs by READY SET DANCE

<https://www.youtube.com/watch?v=KAGgXTZT7TM> – can you set a family challenge? How many star jumps can you do in 20 seconds? Can you beat your top score? Who can do the most in your family.

With a grown up why don't you have a go at making some Teddy Bear Toast! Here are some ideas of things you could use as the spread: peanut butter, chocolate spread, marmite or marmalade. Some ideas for the eyes, nose and ears could be: banana, blueberries, strawberries, raspberries, sweets or chocolate buttons.

Watch clips of astronauts floating around without gravity and walking on the moon. Use your tablet or a phone and film each other using slow motion so it looks like you are walking on the moon. Maybe you could wear your space helmet!

Fine motor – can you make some moon rocks? With an adult find some tin foil. Tear it into large pieces and then scrunch it into balls to make your moon rocks. Can you make a game using your moon rocks – throw them into containers of different sizes! How many points do you get if you get the rock into each container? Challenge, how many points can you get? Can you beat your family members?

Friday 12<sup>th</sup> February is Chinese New Year – the coming year is the year of the Ox.

Why not give some of these activities a try;

- Listen to the story of the Chinese New Year Zodiac - [https://www.youtube.com/watch?v=eVCIAj8q\\_IY](https://www.youtube.com/watch?v=eVCIAj8q_IY)

- Make a paper plate fan

- Create a Chinese themed sensory tray, cook rice and noodles for the children to play with, you could add red food colouring if you wish, provide the children with chop sticks if you can.
- <https://www.topmarks.co.uk/ordering-and-sequencing/chinese-dragon-ordering> maths ordering and sequencing in the theme of a Chinese dragon.

Please find worksheets to print on the next few pages

Have fun everyone!

Please remember to email your photographs to:

Mrs Parry – [chalonerc3@hwbcymru.net](mailto:chalonerc3@hwbcymru.net)

Mrs Cawthorne – [cawthornem1@hwbcymru.net](mailto:cawthornem1@hwbcymru.net)

Write the answers in the circles. Then write the number sentence on the line below.

3 pears + 3 pears =

---

5 strawberries + 4 strawberries =

---

4 oranges + 6 oranges =

---

3 apples + 6 apples =

---

5 bananas + 2 bananas =

---

---

# Practising Cutting Skills

Trace the number 8.

Circle all the number 8s.

Colour in eight planets.

Find the things that start with the m sound and draw a circle around them. Trace the letter **m** where you see it. Colour the pictures.

mat

mop

monkey

mug

jelly

magnet

king

mermaid

mouse

Go on a 'm' hunt around your house, what items can you find that begin with m. Take pictures of them and with the help of an adult create a 'piccollage' to display them.

# Letter Formation

Trace over these letters.
